

CONSULTNET

Delivering expertise and empowering
engineering performance for the
Automotive industry

What Sets Us Apart

For over 25 years, ConsultNet has partnered with organizations in the automotive industry to build engineering teams that accelerate innovation and optimize production across parts, components, and full vehicle systems. We understand the fast-paced evolution of the industry, from traditional internal combustion engine components to the rapidly growing electric vehicle (EV) market.

That's why we provide skilled professionals with expertise in mechanical design, electrical systems, battery technology, powertrain development, and advanced manufacturing. Our talent integrates quickly to support everything from component design and prototyping to full EV system integration and production scaling. And we do it fast - many of our clients go from **interview to hire in just 7 days**.

Highly skilled engineering experts for mission-critical initiatives.

Worldwide network of specialized recruiters to ensure rapid, scalable, and precise talent sourcing.

25+ years of proven success embedding advanced engineering + tech professionals into high-impact teams.

Onshore and nearshore teams, with access to top tech talent from our Mexico-based center at 40–60% lower cost than local rates.
