

CONSULTNET

Delivering expertise and empowering
engineering performance for the
Manufacturing industry

What Sets Us Apart

For over 25 years, ConsultNet has supported organizations in the manufacturing industry by building engineering teams that drive innovation, streamline production, and enable smarter, faster operations. We understand the growing importance of automation, robotics, and intelligent systems in today's competitive manufacturing landscape. From designing robotic assembly lines to developing control systems and integrating industrial IoT.

That's why we deliver skilled professionals with hands-on expertise in product design, automation + controls, robotics, systems integration, and advanced manufacturing technologies. Our talent integrates quickly, reduces downtime, and helps accelerate everything from prototyping to full-scale production. And we do it fast - many of our clients go from **interview to hire in just 7 days.**

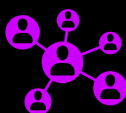

Highly skilled engineering experts for mission-critical initiatives.

Worldwide network of specialized recruiters to ensure rapid, scalable, and precise talent sourcing. 25+ years of proven success embedding advanced engineering + tech professionals into high-impact teams.

Onshore and nearshore teams, with access to top tech talent from our Mexico-based center at 40–60% lower cost than local rates.
