

A detailed, high-tech circuit board is shown, featuring a large, square, black integrated circuit (IC) in the center. This central IC is illuminated from within with a vibrant purple light, which also emanates from its base. The surrounding circuitry is complex, with various smaller components, capacitors, and traces visible. The overall aesthetic is futuristic and high-tech, with a color palette dominated by purples, blues, and oranges.

CONSULTNET

Delivering expertise and empowering
engineering performance for the
Semiconductor + Electronic Product
Development industry

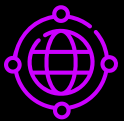

What Sets Us Apart

For over 25 years, ConsultNet has helped companies in the semiconductor and electronic product development space build specialized engineering teams that keep complex projects moving and drive innovation. We understand the challenges of this fast-paced sector, from global talent shortages and tight timelines to the need for deep technical expertise across design, fabrication, and testing.

That's why we deliver highly skilled professionals who integrate quickly, reduce delays, and accelerate development cycles. Many of our clients go from **interview to hire in just 7 days.**

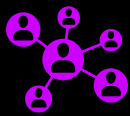

Highly skilled engineering experts for mission-critical initiatives.

Worldwide network of specialized recruiters to ensure rapid, scalable, and precise talent sourcing.

25+ years of proven success embedding advanced engineering + tech professionals into high-impact teams.

Onshore and nearshore teams, with access to top tech talent from our Mexico-based center at 40–60% lower cost than local rates.
