

CONSULTNET

Your Education Tech and Talent + Services Partner

As the demand for digital learning platforms, adaptive content delivery, and educational analytics grows, we connect EdTech companies with the talent and solutions to drive innovation.

Engagement Models that Scale with Your Needs

Contract-to-Hire

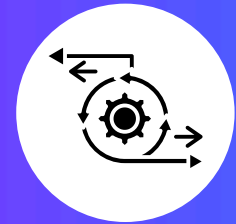

Ramp up quickly with hands-on talent and convert to full-time once you're confident they're the right fit.

Consulting Pods

Our experts deliver immediate results on key initiatives like LMS modernization, mobile learning platforms, AI content delivery, VLE enhancements + education analytics integrations.

Flexible Scaling

Scale your team with the right talent, whether it's a single consultant or a full team.

Proven Talent with Fast Delivery

We've successfully helped teams stand up new digital learning initiatives in as little as 30 days with seamless transition from project phase to full deployment.
